Creating Connections with Parents and Doulas

Parents who have doulas:

- ~ Are less likely to need medical support
- ~ Are more satisfied with their birth experience regardless of outcome

At Doula Speed Dating™, you'll learn more about how a doula will help you maintain a coping mindset for birth and meet a variety of doulas in one evening. Find your doula match quickly and easily!

With the doulas, you'll also get to know Urban Chiropractic practitioners specially trained to offer chiropractic care and naturalpathic care during pregnancy.
